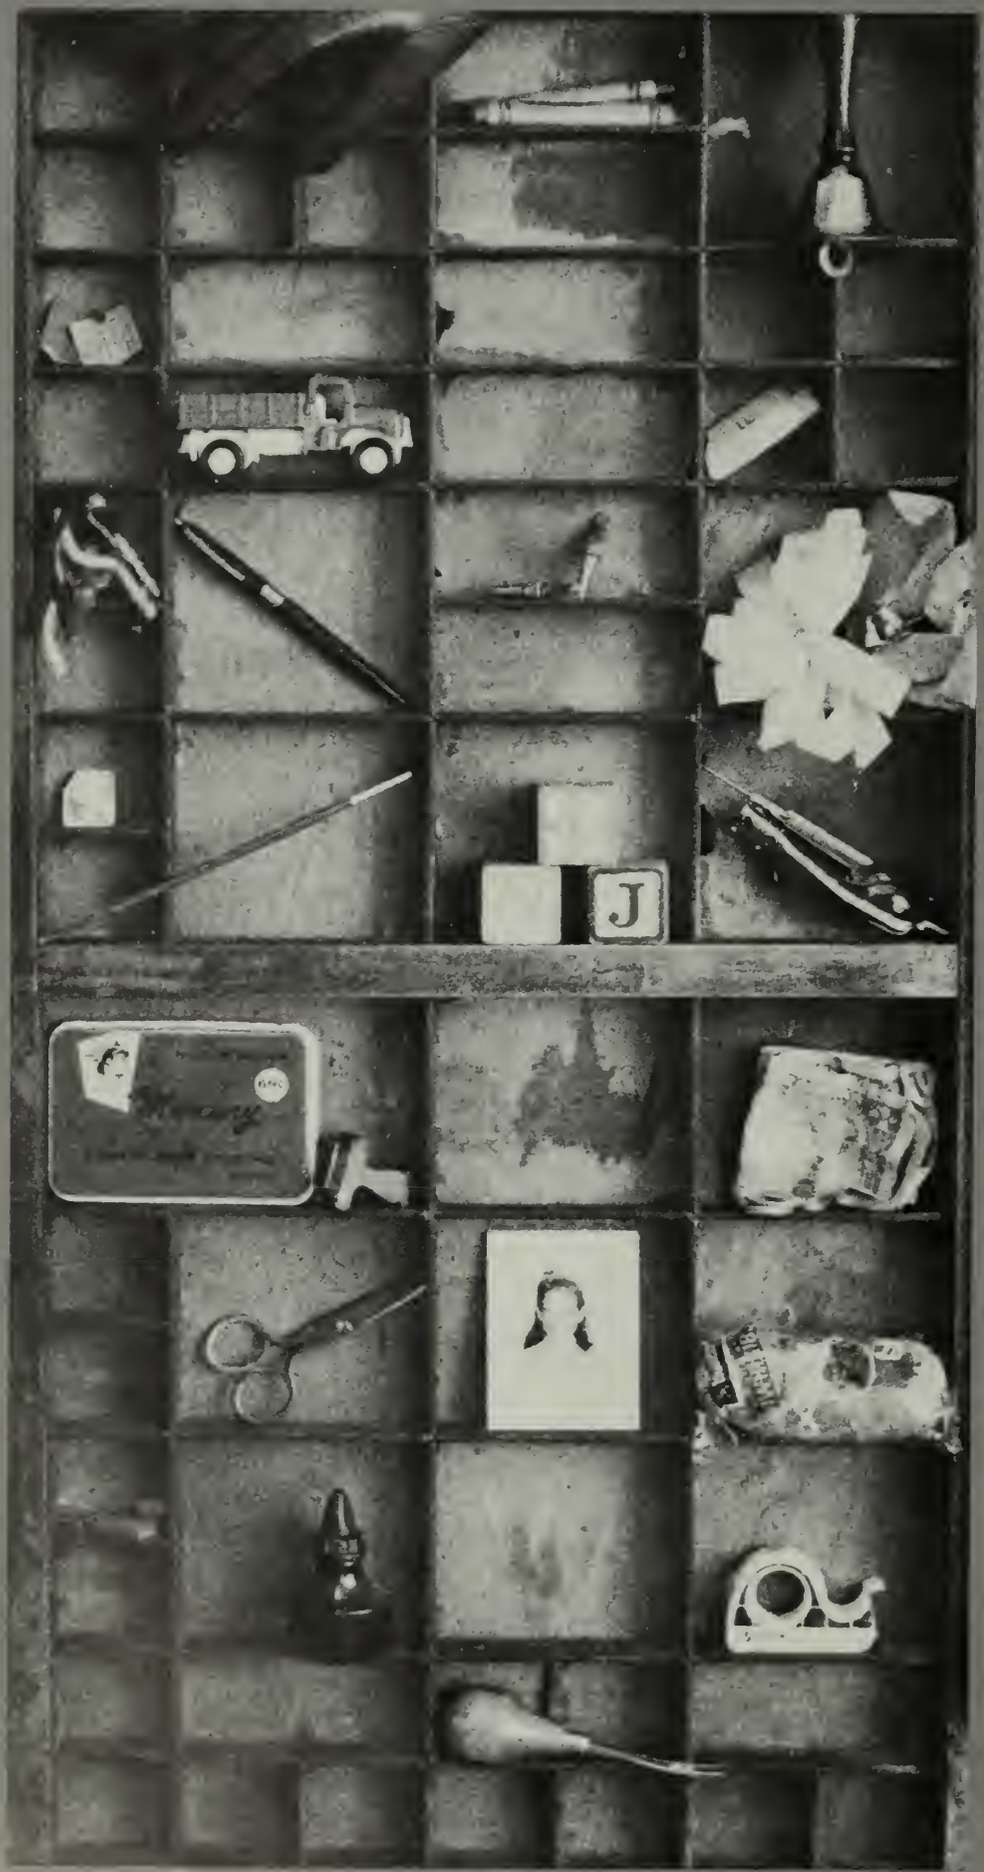
REMINISCING



Time is an ocean
But it ends on the shore
Like a beached whale
Helpless upon the white sand
Of eternity
While the spectators
Gaze upon the past

Time is an ocean
With all of its beauty
But it still hath its fury
As the rip tide
Of nostalgia
Forever waits to carry
Away

Time is an ocean
But memories are more
They are sea breezes
Often refreshing
But always penetrating
The shores
Into the recesses
Of the mind

— Jack Leary

Staring at the sky,
Peaceful, calm.
Have to leave this place.
So much to do.

Weaving through trees
Over logs and branches
Passing my initials,
Inscribed in a tree.

Glancing to the side
Secret hiding spot
Safe from the biting,
Screeching wind.
Safe from being found,
Safe to be alone.

Hesitating — not wanting
To give up that tall grass,
Where I have always picked
Flowers.
Afraid to leave it
To someone else.
Afraid my steps
Will be trod over.
Afraid to let go.

Making my path
Weaving through trees
Staring, now and then,
At the sky.

Dr. John P. Kulevich
Superintendent

The Scituate High School class of 1979 would like to welcome Dr. John P. Kulevich to his first of (hopefully) many years of service to the community as superintendent. After the resignation of the former superintendent, Dr. Bernard McKearney, the school committee went through a laborious process to determine the successor. Dr. Kulevich was chosen to succeed, and as a class, we hope he does indeed.

Mr. Robert F. Collins
Principal

Mr. Paul A. Svensen
Assistant Principal

Mr. Michael Clancy
Housemaster A

At the beginning of this year, the administration and the entire school were, to say the least, confused. This state of confusion was prompted by the return of Michael Clancy to his first love — teaching. This left us short one housemaster! Mr. Clancy offered to fill the space while teaching History. Later, after the spread of many rumors as to the successor, Mr. William Anzivino emerged the victor. The class of 1979 feels that Mr. Anzivino will do a fantastic job, and wishes him the best of luck.

STUDENT ACTIVITIES

Student activities have long been considered an integral part of the total school program. The value of co-curricular activities and their contributions to the students are well established.

We encourage you to participate in these activities to the fullest extent possible for the following reasons:

— to develop skills
— to expand your social relationships
— to better student-faculty relationships
— to better community relationships
— to achieve recognition
— to stimulate academic, athletic, and leisure activities
— to serve the school and community by helping others
— to have fun

The activities listed are those that will be available during the 1977-78 school year. To help you know the when, where, etc. of these activities with other new ones — check the Sailor's Log. Speak with other students and the faculty advisors to learn more about each activity.

Dear Diary, June 1976

Hey, I've finally made it through freshman year. Only three more years to go!" I remember the first day; it was unbelievable!" I finally found my way around the school, more or less. Those seniors looked so big and sophisticated compared to us! I can't believe how they check out our girls.

I went to my first float meeting; everyone thought we had a wicked good idea for our float. It was a huge, well not that huge, football player wearing braces, with a slogan "We'll straighten them out" Naturally we came in last place since we were freshman. But even though we lost, we had miles of kids behind the float eagerly waiting for the best part — wrecking it!"

The day before the homecoming game, we had a huge pep rally and of course we had the nerve-racking screaming contest. We lost again, but we tried. Mr Gilardi got the customary pie-in-the-face from our Vice-President. The speeches were oh sooo . . . boring

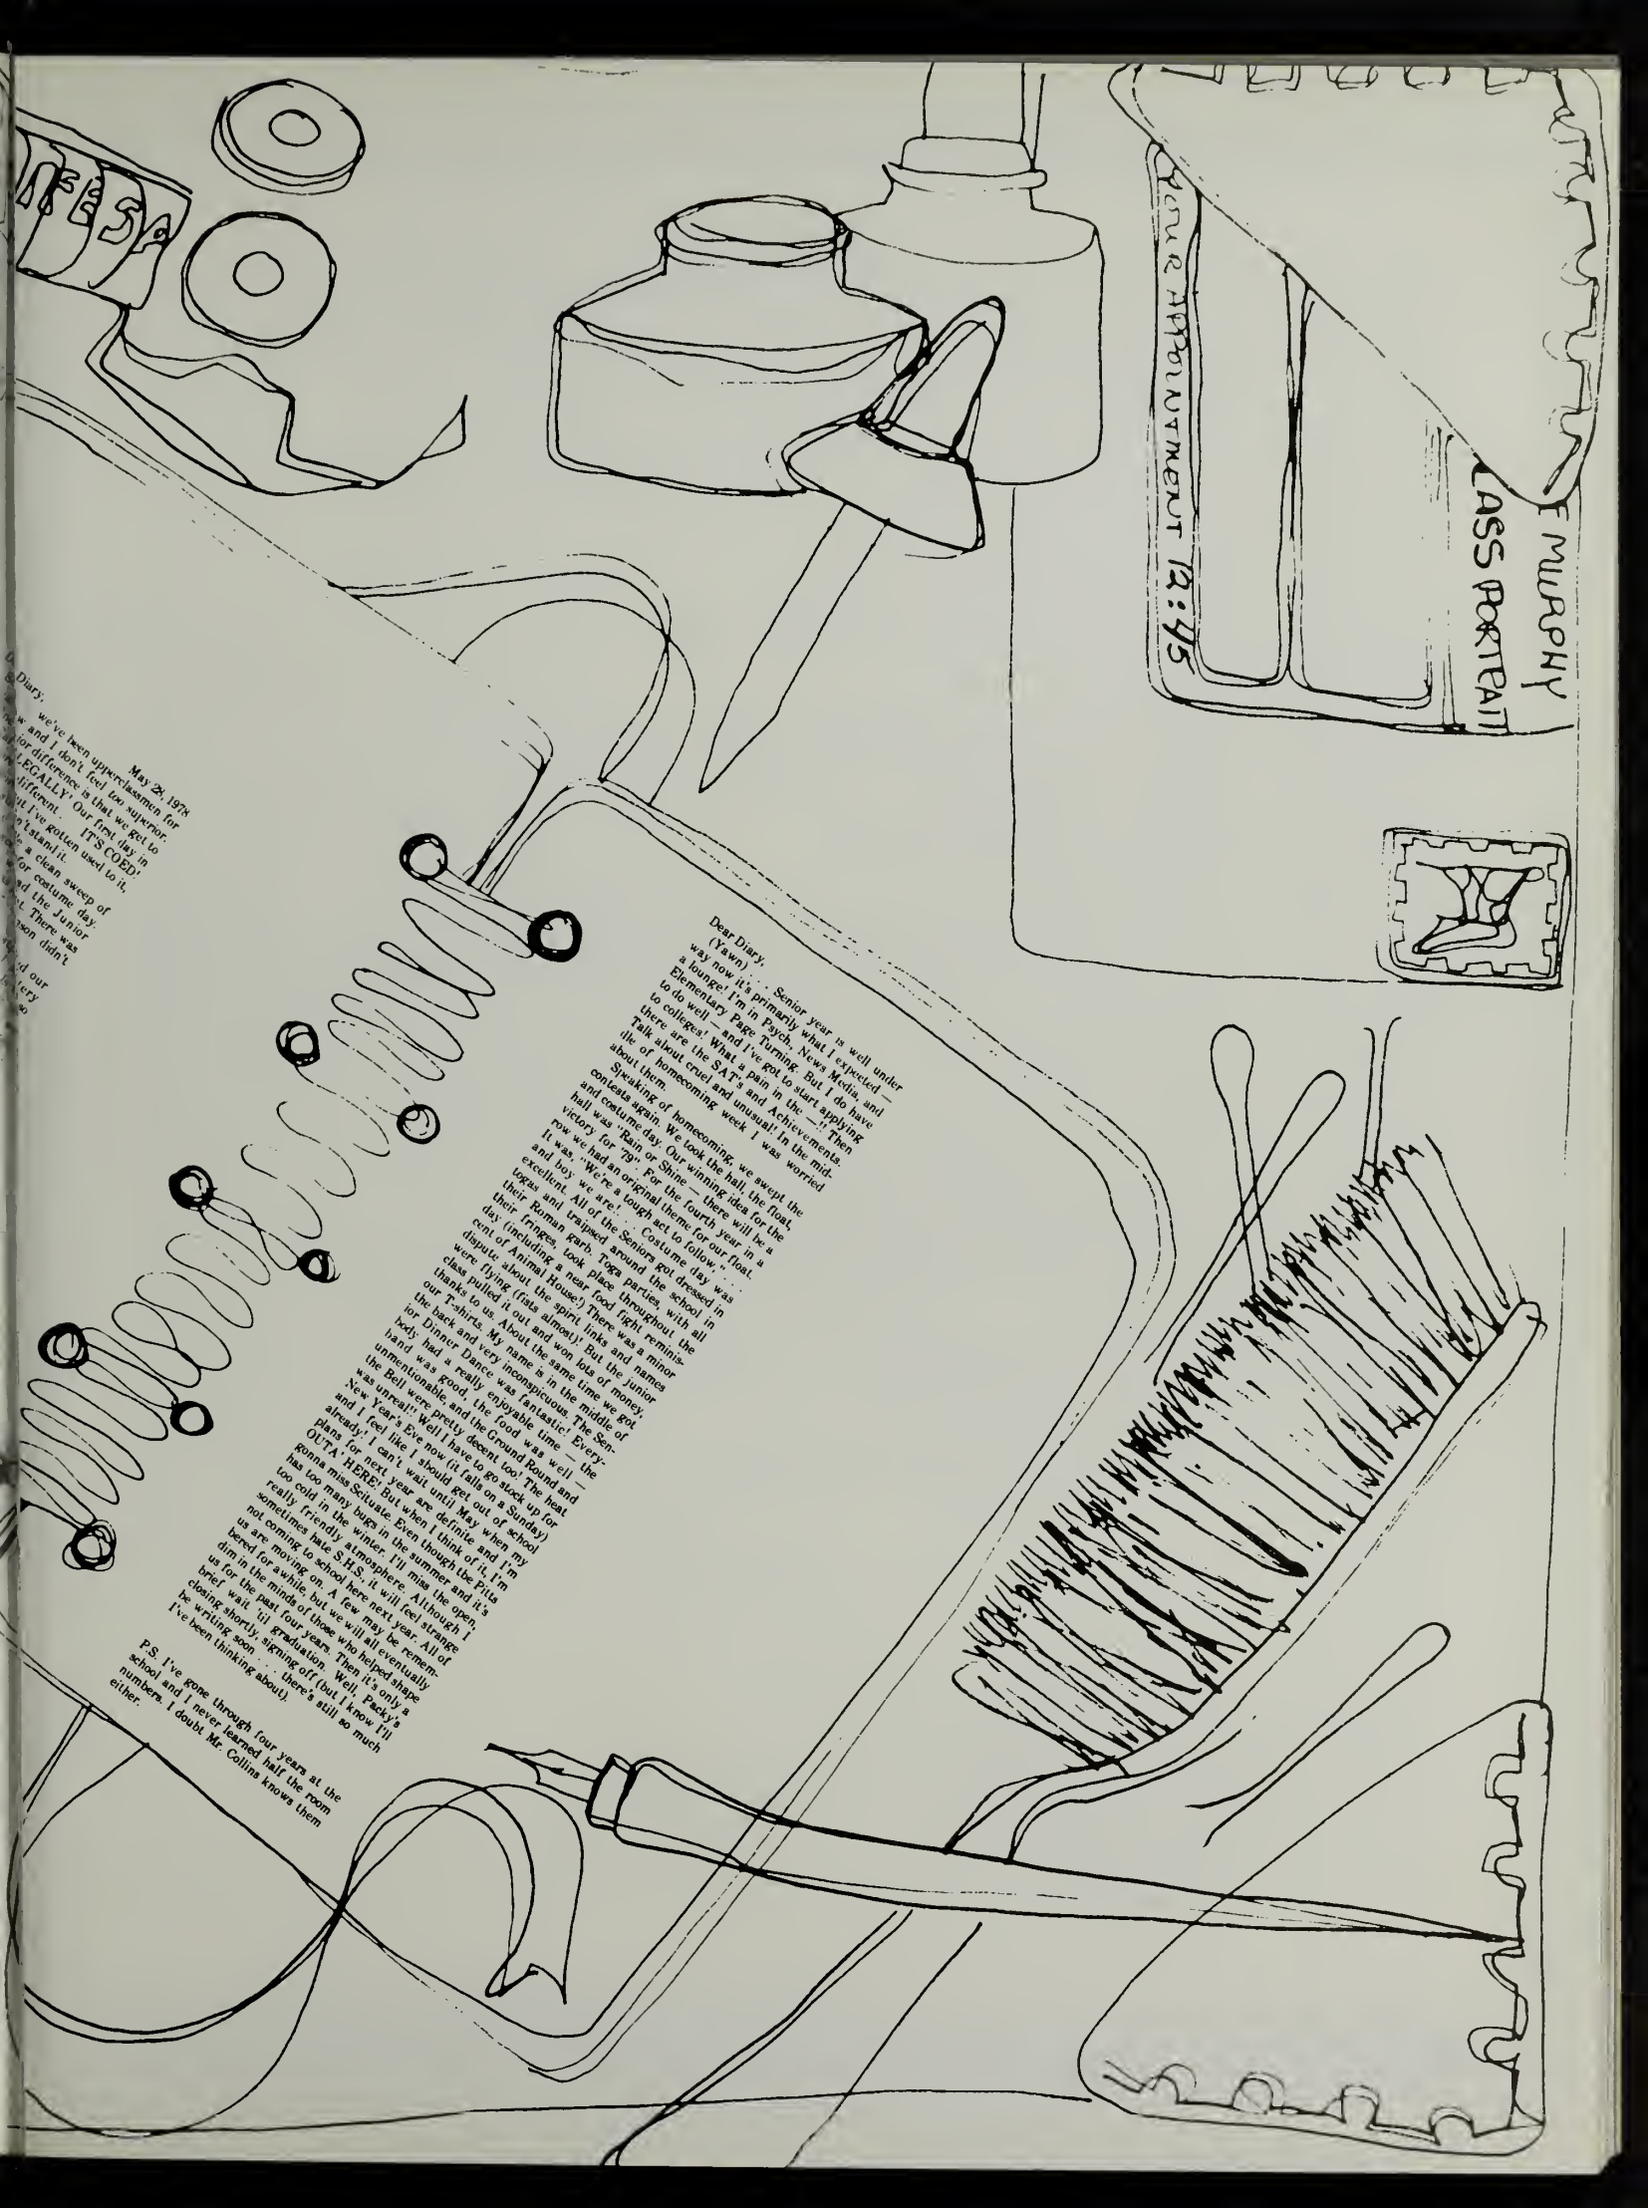
One good thing we did was to go to Boston Gardens to see the Sailor's hockey team play in the states. Another fun part of the year were the dances. I'll always remember the Juniors' dance and Elmo's unforgettable trip to the boys' room

Dear Diary, January 1977

One and a half down, two to go. It was a dull and boring year until homecoming came around; then it was fantastic!" Our float came in second place, with our theme being "We've got the spirit, so they don't have a ghost of a chance." Obviously, it took place around the time of Halloween. We won the hall decorating contest, our theme was "Sailors are dynamite!" We also won the spirit links, blue and white day and costume day! Our class definitely has Sailor spirit!

In the spring, our sophomore class is going to have a boat trip, and I can't wait to go! We had a blast earning the money. We got to gift wrap at the Hanover Mall and soon we are planning a car wash in cole parkway. Well, my history homework is piling up, I've only got . . . mmm, 437 more pages to read! Gotta go!

P.S. It may be hard to believe, but I still don't know my way completely around the school; I can't seem to find Lecture Hall B . . .



Dear Diary,

(Yawn) . . . Senior year is well under way now it's primarily what I expected — a lounge! I'm in Psych, News Media, and Elementary Page Turning. But I do have to do well — and I've got to start applying to colleges! What a pain in the —!! Then there are the SAT's and Achievements. Talk about cruel and unusual! In the midst of homecoming week I was worried about them.

Speaking of homecoming, we swept the contests again. We took the hall, the float, and costume day. Our winning idea for the hall was "Rain or Shine there will be a victory for '79". For the fourth year in a row we had an original theme for our float. It was "We're a tough act to follow." . . . and boy we are! . . . Costume day was excellent. All of the Seniors got dressed in their Roman garb, Toga parties, with all togas and traipsed around the school in their fringes, took place throughout the day (including a near food fight reminiscent of Animal House!) There was a minor dispute about the spirit links and names were flying (fists almost!) But the junior class pulled it out and won lots of money thanks to us. About the same time we got our T-shirts. My name is in the middle of the back and very inconspicuous. The Senior Dinner Dance was fantastic! Every-body had a really enjoyable time. The food was good, the Ground Round and the band was pretty decent too! The heat unmentionable and the Ground Round and the Bell were pretty decent too! The heat was unreal!! Well I have to go stock up for New Year's Eve now (it falls on a Sunday) and I feel like I should get out of school already! I can't wait until May when my plans for next year are definite and I'm OUTA HERE! But when I think of it, I'm gonna miss Scituate. Even though the Pilts has too many bugs in the summer and it's too cold in the winter. I'll miss the open, really friendly atmosphere. Although I sometimes hate S.H.S. it will feel strange not coming to school here next year. All of us are moving on. A few may be remembered for awhile, but we will all eventually dim in the minds of those who helped shape us for the past four years. Then it's only a brief wait 'til graduation. Well, Packy's closing shortly, signing off (but I know I'll be writing soon . . . there's still so much I've been thinking about).

P.S. I've gone through four years at the school and I never learned half the room numbers. I doubt Mr. Collins knows them either.

Dear Diary,

May 24, 1978

. . . we've been upperclassmen for . . . and I don't feel too sujwnor . . . ior difference is that we got in . . . LEGALLY. Our first day in . . . different. IT'S COED! . . . but I've gotten used to it. . . . I can't stand it. . . . a clean sweep of . . . for costume day. . . . and the Junior . . . t. There was . . . son didn't . . . d our . . . very . . . so

EVALUATION

This year, the student council recognized the need for many changes. One of these was the need to reinstitute "Teacher Evaluation." The teacher evaluation program is an evaluation of the faculty by the students on a voluntary basis. After much time and effort, a special committee, comprised of students, produced a standard questionnaire which they believed to be more comprehensive. It was then put to the Student Council, where an overwhelming majority accepted it. Then came the real test — it was put to the faculty. Despite several objections to certain questions and their wording, the questionnaire was again accepted. A good turnout was expected and received. The teachers were evaluated, and the results processed in the computer terminal above the library. Thanks to many hands to run the program, the results were rushed off to the appropriate teachers. Due to the immense success of the project, many other teachers have requested evaluations, and it is believed that many more will follow suit in the future. The Student Council has deemed this project as one of the most successful attempts at Teacher Evaluation.
